

## Declaration of Compliance

This declaration of compliance relates exclusively to the product specified herein in the state in which it was placed on the market. Any components added, handling effected or modifications carried out subsequently are expressly excluded. The present declaration ceases to be valid in the event that the use of the product is not in conformance with the conditions specified in the applicable regulations, if any, and in Habasit's technical documentation. The product is intended for repeated use only.

Herewith we declare that the product specified herein is in compliance with the following food contact regulations.

### TT99RM

This product contains: polyurethane, polyester, cotton

#### EU

**Regulation (EC) No 1935/2004** on materials and articles intended to come into contact with food as amended. Specifically, this refers to the relevant Articles 3, 11(5), 15 and 17.

**Regulation (EC) No 2023/2006** on good manufacturing practice for materials and articles intended to come into contact with food as amended.

This material has been manufactured in accordance with the relevant requirements of that regulation.

**Regulation (EU) No 10/2011** relating to plastic materials and articles intended to come into contact with foodstuffs as amended.

Natural fibres are excluded from this regulation.

Compliance can therefore not be confirmed regarding this component.

Also, these materials are currently not covered by a specific measure acc. to Art. 5 of Regulation (EC) No 1935/2004.

However, the natural fibres used in this belt comply with Eco-Tex Standard 100 Class 1 referring to textiles and toys for babies, so it can be expected that it will not release substances dangerous to human health and is therefore in compliance with Art 3 of Regulation (EC) No 1935/2004.

Plastic components (layers, fabrics, components) of the product subjected to Regulation (EU) No 10/2011:

The raw materials used comply with the requirements of this regulation as amended.

This product meets the relevant requirements of Regulation (EU) No 10/2011 as amended and is applicable for direct contact with:

- dry food types (without fatty substances on the surface) according to Annex III, table 2
- up to 30 minutes contact time at up to 40°C

This product does not bring about an unacceptable change in the organoleptic properties of food.

This product contains substances with restrictions (SML, SML(T) or QM) and/or specifications as set out in Annexes I and II to this Regulation. All restrictions and specifications are met if the product is used under the conditions specified in this DoC. These substances will be disclosed to the competent authority on request.

Above mentioned product does not contain dual use additive(s) acc. to Regulation (EC) No 1333/2008 (food additives) and Regulation (EC) No 1334/2008 (flavourings) in their current version.

Testing of overall migration, specific migration and other applicable restrictions (maximum permitted quantity, primary aromatic amines, etc.) was performed according to Directive 85/572/EEC as amended, Directive 82/711/EEC as amended and the provisions of Directive 2002/72/EC as amended.

Food simulants and migration conditions used for migration tests:  
No migration test required for dry food

## USA

**FDA, 21 CFR** parts/sections 177.2600 rubber articles intended for repeated use, 177.2800 Textiles and textile fibers

This product meets the relevant requirements laid down in this regulation and is applicable for direct contact with:

- dry food (dry solids with the surface containing no free fat or oil, no end test required) as listed in 21 CFR 176.170(c) table 1, food type VIII

Conditions of use E (room temperature filled and stored, no thermal treatment in the container) through G (frozen) as listed in 21CFR 176.170(c) table 2

Product is manufactured and declaration issued by:

Habasit (UK) Manufacturing  
John Escritt Road  
Bingley  
West Yorkshire, BD16 2ST
